# *What is stainless steel?*

*Stainless steel is actually a generic name referring to a family of over two dozen grades of commonly used alloys. Essentially it is an alloy having a minimum of 10.5 percent chromium.*

*Depending on the end application, therefore we have typical grades having varied combinations of alloying constituents.*

*Just as vibrant as a painter's palette, the stainless steel family offers a variety of combinations typically addressing requirements of different applications.*

# *Versatility – the core of stainless steel*

*Stainless steel steals an edge over all its contemporaries in terms of*

- ☛ absolute corrosion resistance,*
- ☛ virtually fit and forget*
- ☛ higher strength-to-weight ratio,*
- ☛ excellent fabricability*
- ☛ suitability for clean hygienic environment.*

*Intensive and innovative product and application development have brought in interesting finishes making stainless steel a designer's delight.*

*Stainless steel - like joy, is for experiencing yourself and for sharing with your loved ones*

*Be it the dining table or the wedding of a loved one Salem Stainless brings makes the moment a sparkling occasion.*

*Steel Authority of India Limited has created a collection of exclusive tableware crafted out of SALEM STAINLESS STEEL.*

*Hallmark of perfection in stainless steel quality - the Salem Stainless Steel collection has been created keeping the connoisseur in mind – balancing utility and design.*

*Designed to last a life time and beyond – to carry forth pleasant memories to the gen-next and beyond.*
